#### About me

A 2016 London Blue Badge Guide, a graduate of Oxford University and the Director of the London Society.

Discover the history of the capital and the hidden by-ways of the City, experience the highlights that make London one of the world's greatest cultural centres, visit Royal palaces and 1,000 year old fortresses, walk the very streets down which Shakespeare, Dickens, Pepys and Churchill once strolled, enjoy some of the most famous shopping streets and establishments in the world. There is so much to see and do in London, and I can help you get the most from your visit.

**Languages:** English
